OVERVIEW

GCworkplace is the shared vision for the Government of Canada workplace, established and supported by the Government of Canada Fit-up Standards. GCworkplace guides the delivery of workplace modernization projects and solutions offered by Public Services and Procurement Canada (PSPC) to federal organizations.

The Government of Canada Workplace Fit-up Standards and the supporting tools provide the foundation for creating innovative activity-based work environments. These environments accommodate diverse work styles, meet accessibility requirements, support alternative work strategies, incorporate modern technology, and integrate sustainable design principles.
